Dear Students for Life,

The Cultural Events Board has decided to continue discussion of your proposal in our second reading next week. However, in order to make better informed decisions regarding your budget, we'd like a little more information from you. Please respond to the following questions as thoroughly and as soon as possible.

1. Given the mission statement of your student organization, would you be willing to find another speaker for this event who would be able to address the multi-faceted issue without attacking the organization of Planned Parenthood?
2. How would this speaker address the issue of pro-life in an educational perspective as opposed to her own personal stand on the issue?
3. How does the speaker plan to address the issue of pro-life based solely off of her experience and verified facts rather than bias and opinion?
4. What type of food will be served at the event? Is this culturally relevant?
5. How important is the photographer to the event?
6. Who is the reception for? How do you plan on selecting the reception attendees (details on signing up, selection, etc)?
- 7) Attached is a document of advertising suggestions. Please refer to it and provide a line item budget estimate of how you would use \$500 in advertising money to reach as many students as possible.

We apologize for the delayed response in sending out this email. Unfortunately, we did not finish the first reading decisions before the UMC closed last week and had to finish the rest of them before I could send this email to you. Thank you for your time and patience.
